### Resident of the Month

As we gather together, we find ourselves enjoying the company of Randy Munyan. He was elected "Resident of the Month" by vote during Resident Council. Randy has a good sense of humor, which is just one of his outstanding qualities.

### Simple Pleasures

"Some old-fashioned things like fresh air and sunshine are hard to beat." —Laura Ingalls Wilder

### 5 Steps to Indoor Seedlings

1. Use an old egg carton as a tray with poked holes for drainage.
2. Pre-moisten seed-starting soil before filling the tray.
3. Gently press 2-4 seeds into each hole.
4. Use a mister, not a watering can, to water seeds.
5. Place the tray in a warm spot and cover with a clear plastic tray or plastic wrap between watering.

### Lots of Luck

### Employee of the Month

"She knows what you need, and when you need it," "She goes above & beyond" were statements our residents confirmed as they selected this "Employee of the Month." Our thanks goes to our incredible Nurse, Becky Hopkins LPN. Your hard work has been recognized.

### Learn About Loved Ones

March 20 is World Storytelling Day. Gather family and friends and share a story from your life, whether small or momentous. Then, give each of them the spotlight to do the same while you listen.

## Activities

Residents enjoying “The Envelope Game” with the Activity Department. A friendly game of who has the most wins. This game was developed by Tammy King. She is the lead activity assistant.

### The Happiest Place on Planet Earth

Picture your happy place in honor of the International Day of Happiness on March 20. Now, picture the eight-time winner of happiest country in the world: a nation partly located in the Arctic Circle where neighborhoods go days without sunlight. So, what is Finland doing right?

*Sisu.* Finns value “sisu,” a cultural concept that embodies perseverance and competence in the face of

adversity and taking risks even when failure seems imminent. Of course, while the word “sisu” is Finnish, the underlying concept transcends national boundaries, and anyone can benefit from values of grit, willpower and resilience.

*Sauna.* There are 5.6 million people and 3.3 million saunas in Finland. Most Finns use the sauna at least once a week, making sure to shower before entering, and staying inside the sauna for multiple short periods of about 10 minutes, punctuated by cooling breaks with a cold shower or even a roll in the snow!

*Scenery.* Snow or shine, Finns prioritize being outside. During winter months, many people still bike to work, and some parents even trade strollers for sleds to take their kids to school.

### Laugh Lines: Spring Flings

March means warmer weather, longer days and ... spring! Here are some jokes to celebrate the season's arrival.

Q. Why is everyone so tired on April 1?

A. Because they just completed a 31-day March.

Q. Can February March?

A. No, but April May.

Barb with a puppy that Petland brought in for the residents to see. Petland visits the last Wednesday of every month to brighten everyone's day.

Bible Study Session. Held every Wednesday at 2pm in our dining hall. We experienced one of the largest groups for Bible study recently, with the recent addition of our local ministry coming into our facility. We are very appreciative to all our volunteers for the hard work, dedication and love of our residents.
